SHOEADDA LOGO

A side-view sneaker inside a cocoa rounded square, next to a condensed uppercase wordmark in the app's headline font. "Adda" means a place where people gather, so ADDA takes the accent color.

The icon file is saved as logo-icon.svg in the ShoeAdda folder. Android needs the shoe kept inside the center 66% for adaptive icons, which it is.

SPLASH AND LOGIN SCREENS

"Walk your way" is a placeholder tagline. It stays in English, uppercase, with no translation until we agree the wording.

USAGE

CLEAR SPACE

Keep space equal to the height of the letter S on all sides of the logo.

MINIMUM SIZE

Icon 24dp. Lockup 96dp wide. Below that, use the icon alone.

BACKGROUNDS

Use the light version on #FBFBFB, the dark version on #131212, and the cocoa version on brand banners.

DO NOT

Stretch the logo, change its colors, or put ADDA in a different font.
